

Prolonged unprotected exposure to heat may be detrimental to the appearance or long term performance of heat sensitive linings and finishes. Ensure that any heat sensitive materials are not exposed to direct heat from the fireplace viewing area.

**Concrete Block Detail**

scale 1:2

**Notes:**

- All dimensions are in mm. DO NOT SCALE OFF THESE DRAWINGS.
- This detail is to assist in the installation of an indoor, frameless finish to a **Mode KS1460 Single or Double Sided Gas Fire**.
- Protect the appliance and powdercoated black fireplace reveals from damage during installation.
- Black fireplace reveals must be able to be removed - ensure any adhesive or mortar is kept clear.
- A MS lintel can be used instead of a CMU Lintel, in accordance with design and building code requirements.
- Allow for construction tolerance when setting out the opening within the block/CMU wall.
- This technical sheet must be read in conjunction with the Mode KS1460 Installation Manual, the latest version can be found on our website at [www.stokefires.com](http://www.stokefires.com)

GENERAL CONSTRUCTION AND FINISHES SHOWN INDICATIVE ONLY
